DETOUR REQUIRED FOR CULVERT REPLACEMENT ON STATE HIGHWAY 107 (JFK BOULEVARD) IN NORTH LITTLE ROCK

PULASKI COUNTY (6-24) – Work to replace a drainage structure underneath State Highway 107 (JFK Boulevard) in North Little Rock will require a detour, according to Arkansas State Highway and Transportation Department (AHTD) officials.

On Sunday, June 26 crews will begin work at 7:00 a.m. to excavate and replace a failing drainage culvert that runs underneath the highway. It is anticipated work will be completed by 5:00 a.m. Monday, June 27.

Due to the nature of the work, JFK Boulevard will be closed in both directions of travel between Pontiac Drive and Cedar Creek Road. The city of North Little Rock is providing traffic control and a detour route. See attached map.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com/ or ArkansasHighways.com. You can also follow us on Twitter@AHTD.
