Improvements to U.S. Highway 67 Requires Frontage Road Lane Closures in Pulaski & Lonoke Counties

PULASKI & LONOKE COUNTIES (1-31) – Construction work on the U.S. Highway 67 frontage roads in Pulaski and Lonoke Counties requires daytime lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Beginning **Thursday, February 2**, crews will be working on box culvert construction under the frontage roads adjacent to U.S. Highway 67 between Vandenberg Boulevard in Jacksonville and State Highway 5 in Cabot. Northbound and southbound lanes on both sides of the highway will alternately be closed in multiple areas as flagging operations direct traffic.

The lane closures will be in affect from **9:00 a.m. to 4:00 p.m.** on the following days, weather permitting:

- **Thursday, February 2 through Saturday, February 4**
- **Monday, February 6 through Thursday, February 9**

The public is advised to be cautious when traveling in the work zones.

This project (Job CA0605) is part of AHTD's Connecting Arkansas Program and includes widening 4.6 miles of U.S. Highway 67 from Vandenberg Boulevard in Jacksonville to State Highway 5 in Cabot. The highway is being widened to three lanes in each direction and is anticipated to be complete in late 2017. More information on this \$79.2 million project is available at ConnectingArkansasProgram.com.

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at IDriveArkansas.com or ArkansasHighways.com. You can also follow us on [Twitter @AHTD](https://twitter.com/AHTD).
