### **Improvements to U.S. Highway 70 Requires Lane Closures in Garland County**

**GARLAND COUNTY (4-27)** – Construction work on U.S. Highway 70 in Garland County requires daytime lane closures, according to Arkansas State Highway and Transportation Department (AHTD) officials.

Weather permitting, on **Friday, April 28, from 7:00 a.m. to 6:00 p.m.**, the contractor will be installing concrete barriers walls at the Ten Mile Creek West Bridge on Highway 70. The eastbound lane will be closed half a mile east and west of the bridge, and flagging operations will alternately direct eastbound and westbound traffic through the area.

Motorists are encouraged to consider alternate routes during construction, including U.S. Highway 270. The public is advised to be cautious when traveling in the work zone at reduced speeds, and speeding fines double within the work zone.

This project (Job CA0610) is part of AHTD's Connecting Arkansas Program and includes widening 17.5 miles of U.S. Highway 70 from I-30 in Benton (Exit 111) west to the interchange with U.S. Highway 70 Business in Hot Springs (Exit 6). The highway is being widened to two lanes in each direction with a continuous center turn lane. The project is anticipated to be complete in late 2018. More information on this \$78.5 million project is available at [ConnectingArkansasProgram.com](http://ConnectingArkansasProgram.com).

Drivers should exercise caution when approaching and traveling through all highway work zones. Additional travel information can be found at [IDriveArkansas.com](http://IDriveArkansas.com) or [ArkansasHighways.com](http://ArkansasHighways.com).
